

Docket Item #9
SPECIAL USE PERMIT #2004-0037

Planning Commission Meeting
June 1, 2004

ISSUE: Consideration of a request for a special use permit amendment to increase the number of outdoor seats at a restaurant.

APPLICANT: Prince deGaule, LC
by Robert Test, attorney

LOCATION: 1106 & 1108 King Street

ZONE: CD/Commercial Downtown

PLANNING COMMISSION ACTION, JUNE 1, 2004: On a motion by Mr. Komoroske, seconded by Ms. Fossum, the Planning Commission voted to recommend approval of the request, subject to compliance with all applicable codes, ordinances and staff recommendations. The motion carried on a vote of 7 to 0.

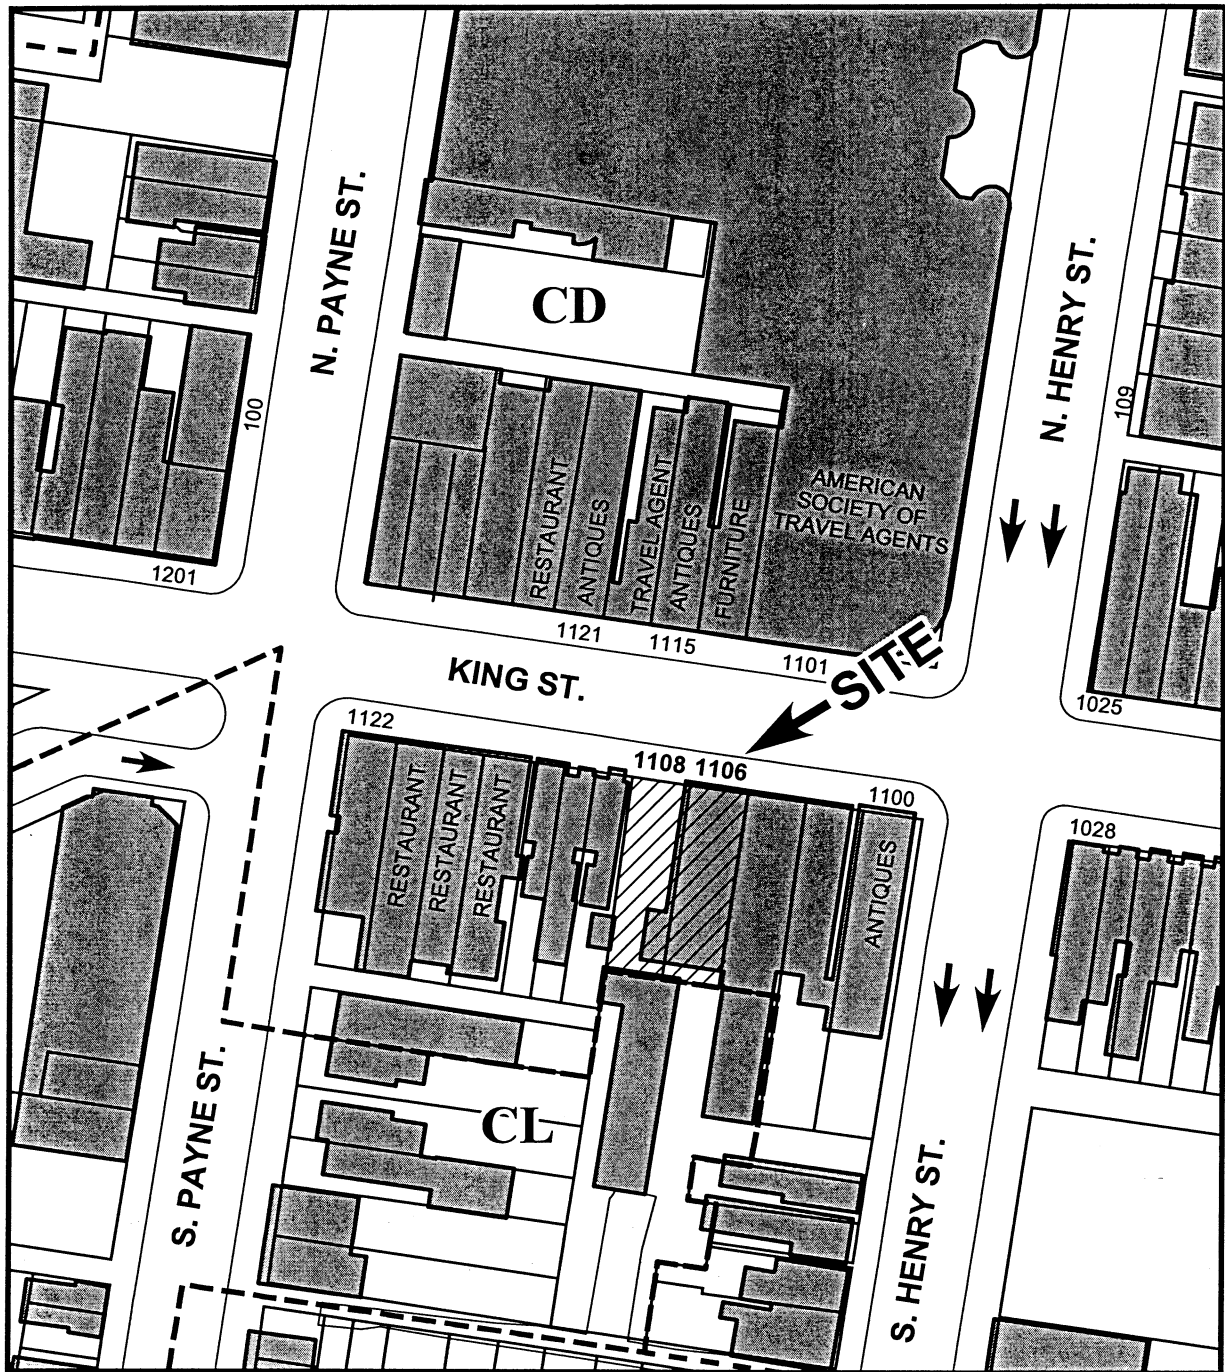

Reason: The Planning Commission agreed with the staff analysis.

Speakers:

Mr. Robert J. Test, applicant's attorney, spoke in support of the application. He agreed that the applicant will work with the adjacent property owners at King Henry Court on an appropriate wall that will buffer any potential noise impacts.

Matt McKinnis, president of King Henry Court Association, discussed concerns about noise from the increase in outdoor seats and about trash removal and rats. He requested an additional wall barrier be installed adjacent to the residential use to reduce the noise impact.

STAFF RECOMMENDATION: Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the recommended permit conditions found in Section III of this report.

SUP #2004-0037

I. DISCUSSION

REQUEST

The applicant, Prince De Gaule, LC, represented by attorney Robert J. Test, requests special use permit approval for additional outdoor dining seats for a restaurant at 1106 King Street. The outdoor dining occupies 1108 King Street.

SITE DESCRIPTION

The subject property is two lots of record, each with 24 feet of frontage on King Street, 84 feet of depth and a total lot area of 2,016 square feet. The two lots are developed with a two story building used as a restaurant and a patio for outdoor seating. The building is surrounded on three sides by the King Street commercial corridor and bordered by a residential development to the south.

PROPOSAL DESCRIPTION

The applicant requests special use permit approval to allow 15 additional seats in the outdoor patio area, for a total of 45 seats outside. No other changes to the restaurant are proposed.

SUP HISTORY

A restaurant has been located at 1106 King Street since 1985 (SUP #1817). On May 9, 1996, City Council granted Special Use Permit #96-0020 allowing the addition of outdoor seating. The ownership (SUP #2002-0049) and the hours of operation (SUP #2002-0079) have been changed more recently.

INSPECTION

On October 28, 2003, staff inspected the premises for the one year review of SUP#2002-0079 and found no violations.

ZONING

The subject property is located in the CD/Commercial Downtown zone. Section 4-500 of the Zoning Ordinance allows a restaurant in the CD zone only with a special use permit. The subject property is also located within the Old and Historic Alexandria District. As such, any exterior architectural change, such as signs, exterior duct work or fenestration, must be reviewed and approved by the Board of Architectural Review, Old and Historic Alexandria District.

MASTER PLAN

The proposed use is consistent with the Old Town Small Area Plan chapter of the Master Plan which designates the property for commercial use.

II. STAFF ANALYSIS

Staff supports the applicant's proposal for additional outdoor seating in its courtyard. The courtyard is exceptionally maintained and adds to the vibrancy of King Street. It provides a unique outdoor dining experience in the heart of Old Town. Staff has not received any complaints regarding noise from the existing 30 outdoor seats, and staff does not anticipate an increase in impacts from the additional seats requested.

Staff is concerned, however, about the feasibility of 15 additional seats at this location because of the need to provide accommodation for egress in the case of a fire emergency. Staff recommends a number of conditions to address the fire egress for the seating plan provided by the applicant and will support up to 15 additional seats as requested by the applicant only if a plan is approved by Code Enforcement.

Because outdoor seating can only be used part of the year, and because the restaurant attracts many pedestrian patrons, staff found that additional parking impacts from the increase in seating would be minimal. Staff recommended no changes to the conditions regarding parking.

Staff recommended an extended closing hour for the indoor seating to be more consistent with other area restaurants. Staff recommended a one year review condition to ensure that Code issues are resolved, and no issues arise.

With these conditions, staff recommends approval of the special use permit.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:
